Clothianidin Thiamethoxam PRA Milestone Schedule EPA 4-28-16.docx

Hi Anita,

The April 28th version is the last time I updated the joint neonic PRA schedule. I will try to do a quick update this afternoon and send it to you a little before 4.

Thanks,

Monica

Subject: EFED neonic document sharing 4/29/16 - Email 1

Hello,

This is the first of a three emails I'm sending to transmit clothianidin and thiamethoxam draft reviews and information. I thought it would be better to send several targeted emails, each with a batch of affiliated attachments, rather than blend all attachments in one email. Below are the emails you should receive after this:

Ex. 5 - Deliberative Process

Ex. 5 - Deliberative Process

Since there has been so much discussion about the schedule in recent meetings, I took a stab at updating the 3/24/16 version of the Joint PRA timeline (updated version attached) to reflect completed tasks, ongoing conversations, and some slippage in the dates. There are a few questions in there where I still need to check in with the EPA chemical teams. However, I thought it was important to share this with all the partner agencies.

If there are any technical difficulties or attachments don't go through, please let me know. Also, if I missed any relevant team members, please forward this on. Below are a few items I've noted from recent calls where I believe EPA is hoping for some follow-up information from PMRA:
